Regulations enacted by a board of township trustees under Sections 519.02 to 519.25, inclusive, of the Revised Code, shall not apply within municipal corporations, except that where township territory, subject to such regulations, is incorporated such regulations shall apply therein and be enforced by the township officials until the election and qualification of the officers for the newly incorporated territory, and for not to exceed ninety days thereafter, to enable the officers of the newly incorporated territory to adopt zoning regulations. Upon annexation of township territory to an existing municipal corporation the zoning regulations then in effect shall remain in full force and shall be enforced by the township officials until the legislative authority of said municipal corporation shall either officially adopt the existing zoning regulations or new regulations for such territory.

SECTION 102: CONFORMANCE

In the event of any such violation, or imminent threat thereof, the municipal corporation, or the owner of any contiguous or neighboring property who would be especially damaged by such violation, in addition to any other remedies provided by law, may institute a suit for injunction to prevent or terminate such violations.
